

Special 20% OFF Offer
Your GRUB CONTROL Service when scheduled with any other service.

Damage Prevention and Protection

Grub worms can cause serious damage to the health, appearance, and natural defenses of your lawn. They lie undetected and attack the roots of your grass, leading to serious damage over time.

Our Grub Prevention Program offers homeowners a quick and highly effective solution to grub infestations. This cost-effective grub control program works as a grub worm killer and will immediately reduce, if not eliminate, the population of grubs in the lawn.

Sign-Up and you'll receive 20% off your service when scheduled with any

other service, which includes:

Product application on your property to eliminate grub worm infestations
