

**Soil Applied**

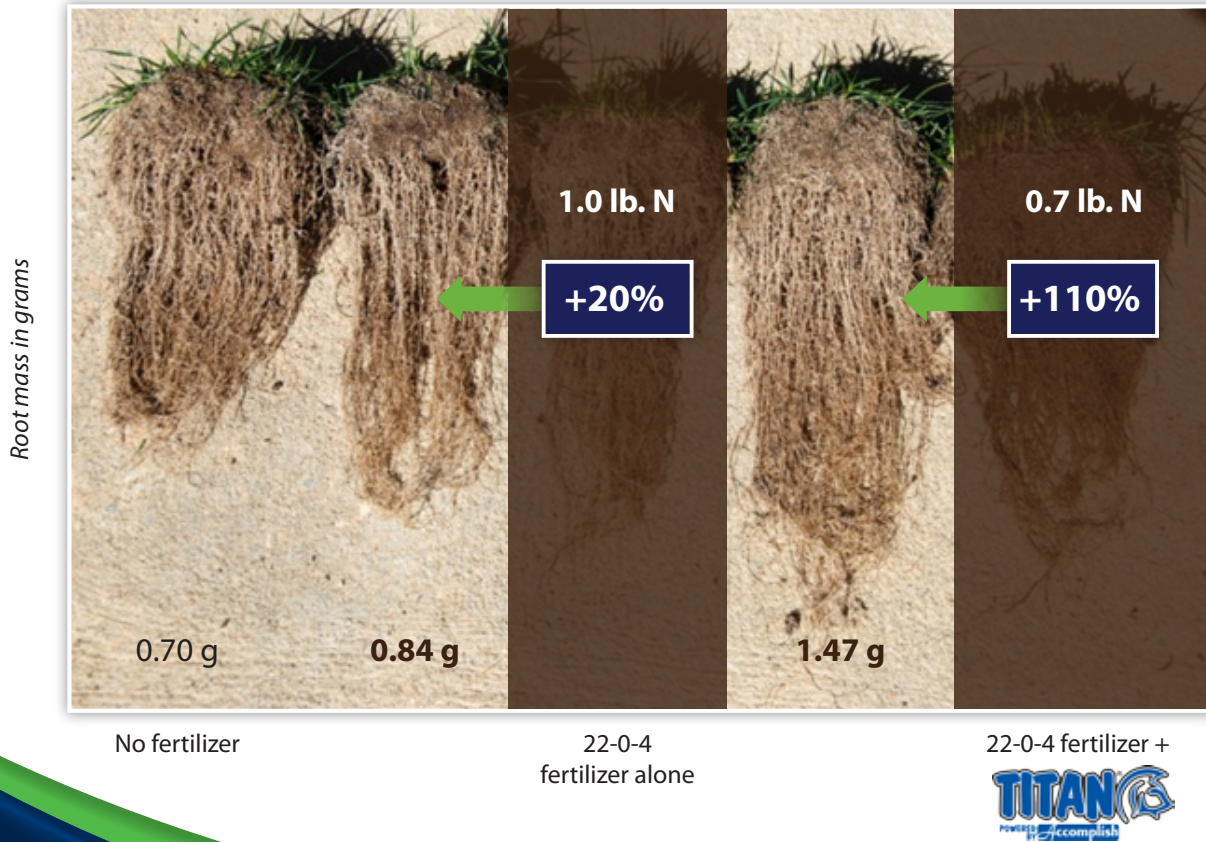

Accomplish® LM and Titan® PBA are innovative fertilizer catalysts designed for use with standard fertility programs, significantly increasing fertilizer availability and overall turf health. **Accomplish LM and Titan PBA are specifically designed for use with liquid and dry fertilizer and can be applied utilizing most types of application methods.**

**ACCOMPLISH LM AND TITAN PBA FEATURES AND BENEFITS:**

- Increases nutrient availability
- Promotes turf vigor and root development
- Increases number of root shoots and tips
- Increases overall turf health and seeding viability
- Can be mixed with liquid and dry fertilizers or applied as a stand alone application

**Root Mass Study – University of Auburn (2010)**

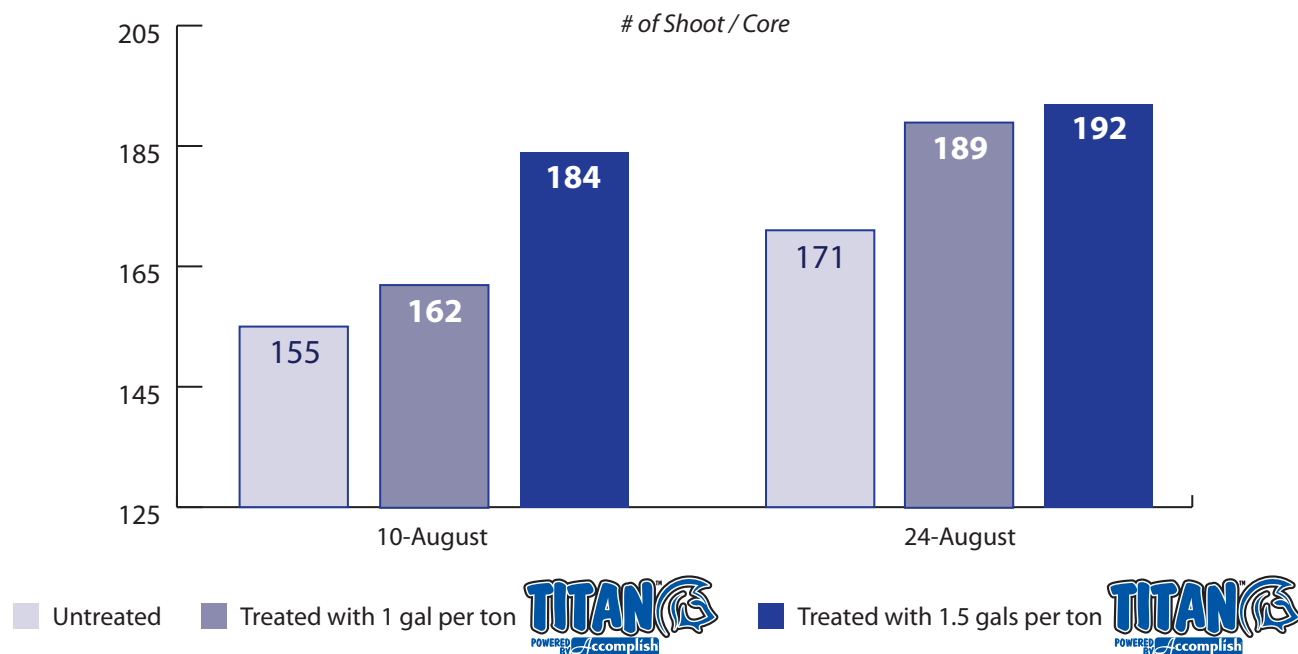

Titan impregnated on 22-0-4 fertilizer at 1 gal per ton

### Titan PBA Improves Early Root Quality

#### Bermudagrass – Auburn University (2011)

Titan PBA impregnated on 24-0-5 at 1 gal per ton and 1.5 gals per ton

### Maintained or Increased Color at 67% of N with Titan PBA

#### Kentucky Bluegrass – Granular Trial, University of Wisconsin (2010)

Titan impregnated on 22-0-4 fertilizer at 1.5 gals per ton

Average of 16 readings: May 27–Sept. 9, 2010
